FILING PETITIONS AND FEES

Candidates desiring to run under the Democratic or Republican parties file petitions according to the following schedules.

Candidates for Township and Village Offices file petitions with the Township Clerk.

Candidates for County Offices file petitions with the County Clerk. Petitions and Affidavit of Identity forms are available from the County Clerk's Office during regular business hours (8:00 a.m. – noon and 1 p.m. – 5 p.m. Monday – Friday).

County candidates may file a \$100 filing fee if they desire. In that case, only an Affidavit of Identity is required. The filing fee is returned following the Primary Election to the two top vote-getters of each party for the particular office.

The petitions to be used by County Officers, (Sheriff, Prosecuting Attorney, et al) are entitled "Countywide Partisan" and can be used anywhere within Montcalm County.

County Commissioner candidates must use "City/Township Partisan" petitions. Please be sure the petitions used are current (2002). Petition forms that are not current will not be accepted. Affidavit of Identity forms must also be current (2006 – if available).

Candidates desiring to run for office under a "Minor Party" label (Libertarian, Green, et al) must be nominated by a party caucus or convention. Following the caucus, the Secretary of the Caucus provides the candidate with the Statement of Nomination to be filed with the Affidavit of Identity.

Candidates desiring to run with "No Party Affiliation" must circulate petitions entitled "Qualifying Petition – Countywide," which is used for County Officers and State Legislative positions or "City/Township", which is used for County Commission or Township seats. The calendar above indicates the filing date and the chart below indicates the number of signatures required. Candidates who file Qualifying Petitions will not appear on the Primary Ballot. On the General Election ballot, such candidates will be listed following all candidates with party affiliations. "Independent" is not a recognized party in the State of Michigan.

CAMPAIGN FINANCE REPORTING

All new candidates are required to file a "Statement of Organization" with the County Clerk within 20 days of becoming a candidate. Becoming a candidate can either be the filing of petitions/affidavit or by collecting or expending money on behalf of a campaign. Candidates that do not file Statements of Organization will be notified and fined \$10 per day (according to State Law provisions).

If a candidate does not expect to expend or receive more than \$1,000 during the course of the campaign, and they have checked the recording waiver on their Statement of Organization (Box 10), no further filings need to be submitted. This does not waive the responsibility of the candidate's committee treasurer to keep track of all contributions and expenses. Even if you indicate that you do not plan to spend \$1,000, you must file a detailed report if you do go over \$1,000 (either in contributions or expenses). Existing candidates now running for a different office must file an amendment to the Statement of Organization with the County Clerk.

All Campaign Finance forms are available from the County Clerk's Office during regular business hours. It is the committee treasurer's responsibility to comply with state law regarding campaign finance reporting. The above calendar indicates dates for filing campaign finance reports. Late campaign finance reports have a late fee of \$25 per day. A new state law provides that late fees cannot come from campaign funds. Campaign finance reports will be reviewed for compliance and errors will be required to be corrected. Suspected illegal activity will be turned over to the Bureau of Elections or the Prosecuting Attorney's Office for investigation.

Please contact the Bureau of Elections (517) 373-2540 or the County Clerk's Office (989) 831-7339 for more information. Additional information and forms are available through the Internet at www.michigan.gov/sos

VOTER INFORMATION

Information regarding Montcalm County registered voters is available by contacting the County Clerk's Office. If you have access to a computer and Microsoft Excel, lists can be copied to a diskette or CD-Rom far less expensively than what a printed list would cost.

Voter information can be compiled using a number of parameters. Contact the County Clerk's Office for more information.

OPTICAL SCAN VOTING SYSTEM

Thanks to the Help America Vote Act, adopted in response to the problems connected with the 2000 Presidential Election in some parts of the country, Montcalm County received a new optical scan voting system that was implemented in 2004 in every precinct in the county.

Voters will notice a few changes in the precinct and prior to the election. Below are some brief descriptions about what to expect:

BALLOT – The Optical Scan voting system uses a sheet of heavy paper that the candidate names and proposals are printed on.

VOTING PROCESS - The voter will use a pen and darken the oval just to the right of the candidate name (or Yes/No in the case of a proposal). Following voting, the voter will take the voted ballot to the ballot tabulator and feed the ballot in to the device. The ballot is counted immediately and retained in the boxes below the device until after the election. If the device notices an error on the ballot (i.e. votes cast for more candidates than is allowed), it will make a small “beep”, but retains the ballot inside the tabulator. The voter will be able to read a message on a small screen on the device that will explain the error detected. The voter will then have an opportunity to request a replacement ballot or have the ballot counted with the error. If the ballot is not duplicated, the voter will risk not having all votes counted.

TABULATION PROCEDURE – At the close of the polls, the election inspectors will press a button on the tabulator that will print the totals from the precinct. If there are any write-in votes, they will be tabulated by hand and written on the appropriate forms. All required documents are then transported to the local clerk. The local clerk then delivers all precinct information to the County Clerk.

INTERNET TOTALS – As soon as possible, the precinct totals will be available on the Internet via the Montcalm County website (www.montcalm.org) .

PRECINCT INSPECTORS – All units of government may need election inspectors to work on Election Day in each of the precincts in Montcalm County. Interested individuals must complete an application form with the local clerk. Training will be required of all election inspectors. All inspectors are paid for their service on Election Day and for their training time. Pay rates vary from community to community. Inspectors can live anywhere within Montcalm County and work for any municipality they choose. See a list of local clerks elsewhere in this book.

AutoMARK VOTER ASSIST TERMINAL – The AutoMARK was also purchased by the State of Michigan with HAVA dollars provided by the Federal Government. The AutoMARK assists voters who might otherwise need an election inspector or other person to help them mark a ballot. The AutoMARK provides a touch screen and audio reading of the ballot to help those with vision or hearing difficulties. A rubber stylus is provided for those people who have difficulty grasping a pen to mark their ballot. Even those with very limited mobility are able to vote using their own assisting devices that are connected to the AutoMARK. It is important to remember that the AutoMARK device marks the same ballot that all other voters are using. It is not a tabulator.
