

PERCH LAKE
LAKE IMPROVEMENT BOARD MEETING

September 12, 2022

A meeting of the Perch Lake, Lake Improvement Board was held at the Montcalm County Drain Commission, 211 W. Main Street, Stanton, Michigan on the 12th day of September 2022 at 4:00 P.M.

The meeting was called to order by Todd at 4:04 p.m.

PRESENT: Jack Hendricks, Chairperson – Via Phone
Steve Nichols, Montcalm Township Representative
Pat Bolling, Abutting Property Owner's Representative
Todd Sattler, Secretary/Montcalm County Drain Commissioner

ABSENT: Adam Petersen, Board of Commissioner's Representative

ALSO

PRESENT: Rick Buteyn, Progressive AE
Anne Gaylord, Montcalm County Drain Commission
Frank Oxford, Resident
Chuck Rau, Resident

A motion was made by Pat and seconded by Steve to approve the agenda. Motion carried.

A motion was made by Steve and seconded by Pat to approve the minutes from May 23, 2022, as presented. Motion carried.

Public Comments

Chuck stated that a resident is currently building a house and is dropping mud into the lake and changing the clarity. He stated that he had already spoke with the building department and they are going to reach out to the property owner. Frank asked about building and property use. Todd added that those are issues for the Building Department. Chuck added that the lake looks really clear and added that the jelly fish are back.

Financial Update

Todd provided a financial update to the board including the current balance of \$27,248.06. Todd added that he believes the balance is getting too high and they should consider rolling back the assessment for 2022. Steve asked about the Spicer invoices that were on the register. Todd advised that those charges were to update our mapping system and were spread evenly across all of the Lake Improvement Boards.

Special Assessment

Todd advised that the balance is getting to be a bit higher than he likes for the lake boards to keep. They are currently holding almost two full years assessments. Steve asked if the

increase in chemical prices is going to have a large impact on the balance for next year. Rick replied that since they are carrying such a large balance, the increase will not hurt them. Todd thinks a roll back would be a good idea and suggested assessing 8-10k for 2022.

A motion was made by Pat and seconded by Steve to lower the assessment down to \$12,000 for 2022. Motion carried

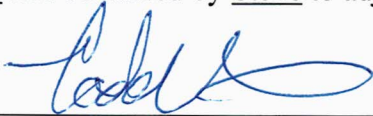

Weed Program Update

Rick provided a treatment update to the board. There were some problems with weed harvesting. Rick and the board agreed that PLM did not do a great job and seemed to be having equipment issues. Rick advised that he will ask them to use different equipment in the future.

Other Business

Todd would like to revisit the benefit factors before the public hearing next summer. He would like the factors to be tied to the information on the deed and not the buildability or use of the property. The board discussed possible benefit factors to be used in the future. Jack added that he thinks it will be difficult to get residents on board as it would increase taxes by a significant amount for certain people. Todd said the Drain Office will produce a model of the new benefit factors to show the board how taxes would be spread. The board discussed skipping the winter meeting and holding the next meeting in late April or early May.

There being no further business to come before the Lake Board, a motion was made by Pat and seconded by Steve to adjourn the meeting at 5:18 p.m. Motion carried.

Todd Sattler, Secretary
Perch Lake, Lake Board
