Public Hearing

The Board discussed the date for the public hearing. Anne advised that she had reached out to Douglass Township Hall regarding availability for a Thursday night and all were open. The Board decided that July 20, 2023, at 6:00 pm would be the best time to hold the hearing. Shawn said that he is in favor of changing the benefit factors, but the deeds need to be researched first. Todd said he can reach out to Spicer to research deeded access and that it shouldn't be that large of a cost. He would also ask Spicer to attend the hearing to help explain the new factors to the residents. Ken asked how many parcels are considered contiguous when many are separated by the road. Todd advised that separations made by the road don't count against the contiguous factor. Ken added that he believes the trailer park should be charged as a direct access lot. Todd said that would depend on the research from Spicer. The Board would like to have the state-owned parcels assessed as they include public boat access. Todd is going to work with Spicer to figure out how to tax the state.

A motion was made by Shawn and seconded by Joel to accept the proposed benefit factors with approval of map and roll changes suggested by Spicer. Motion carried.

A motion was made by Todd and seconded by Joel to have Spicer research the deeds for a budgeted amount of \$1,500.00 with more funds to be approved as necessary. Motion carried.

Other Business

Mike surveyed the lake lots and advised that there's lots of blue algae. The first treatment is scheduled for May 22. The Board is very happy with RLS.

There being no further business to come before the Lake Board, a motion was made by Todd and seconded by Joel to adjourn the meeting at 4:34 p.m. Motion carried.
